Pierre **Versali**

Software Delivery Manager / Technical **Leader**
Cloud Solution **Architect**
Cloud-native **Software** Architect

SUMMARY

Enthusiast and skilled Software Solution Architect.
I'm mostly interested in software design, architecture, cloud-native architecture and Agile methodologies. I'm keen to train and improve my technical and managerial skills. I'm open-minded, sociable and stress resistant, I easily adapt to most situations and working environments. I have a strong technical background, strong communication skills, leadership and Team Spirit. I'm result and quality oriented, assertive, proactive and autonomous.

SKILLS

Solution Architecture
10 years of experience
- Technical Requirements
- High Availability / Scalability
- Security, Identity & Access Management / Single Sign-On
- Cloud Solution Architecture / SaaS / PaaS / FaaS: OpenShift, AWS, Azure
- Database, Broker, API Gateway, Security Vault, Storage, WAF, Proxy, Failover, …
- Logging, Monitoring & Alerting: ELK Stack, Prometheus, Grafana
- Infrastructure definition & sizing

Software Architecture
10 years of experience
- **Design Patterns**: Microservices, CQRS, Event Sourcing, Event-driven, Serverless, Service Orchestration, SOA, MVC, …
- **Design**: Domain-Driven Design, C4 model, Design Thinking, UX, BDD, …
- **Best practices:** Code Review (ACID), Clean Coding, TDD, Performance, Security, …

DEV
15 years of experience
- **Backend**: Java, Spring, Spring-boot, Hibernate, JPA ecosystem
- **Test automation**: Junit, Mockito, Gatling, Cucumber
- **Frontend**: Angular, React, HTML, Javascript, TypeScript, CSS, SASS, Bootstrap, JSF, JSP
- **Tools**: IDE (IntelliJ, Eclipse, SQL Developer, …), Profilers, Debuggers

DevOps
10 years of experience
- **Build Automation**: Maven, Gradle, Webpack, Yarn, …
- **Continuous Integration:** Jenkins, Artifactory, Nexus, NPM, …
- **Continuous Deployment**: Containers (Docker, Swarm, Kubernetes), ArgoCD, …
- **Tools**: Source Control (Git, SVN), Code quality (Sonar, FindBugs)
- Logging (ELK, AFK Stack), Monitoring (Prometheus, Grafana), Alerting, …

Delivery Management
5+ years of experience
- **Team Coaching:** Agile-minded, Leadership, Empathy, Public Speaking
- **Release Management**: Rigorous, Strong communication skills
- **People Management**: staffing, annual appraisals, recruitment, technical assessments
- **Tools**: Atlassian Suite (Jira, Confluence, Bitbucket, Crucible, Fisheye)

Agility
10 years of experience
- **(Certified) Scrum Master** of about 6 teams in 3 companies
- **Agile Coach:** Agile transformation, Agile Evangelist, Speaker, Serious Games
- **Frameworks:** Scrum, LESS, SAFe, XP, Lean, …
